"SABS APPROVED" is a term used to describe a product certification scheme that is regulated by the SABS - a South African provider of standards. Developers and Architects involved in commercial projects will only specify "SABS" approved products.

New developments generally have strict BBBEE requirements to fulfil and thus will only specify products from companies with a high BBBEE status. MTB is a Level 1 BBBEE contributor.

LEED - Leadership in Energy and Environment Design. This Green Building system defines standards for environmentally responsible, healthier, and more profitable structures. Points are awarded to new construction and major renovation in five categories: Sustainable Sites, Water Efficiency, Energy & Atmosphere, Materials & Resources, and Indoor Environmental Quality.

A note from Aslam our CEO

"The Maharani team is as diverse as our products. What binds us together are our values - integrity, innovation and leadership. Ever since the early days of Maharani 29 years ago, I have always strived to bring you the very best tile and bathroom products from around the world. Today I want these same products to be accessible and affordable to every customer who walks into our showrooms.

Yours in success,

*Aslam Mahomed - CEO
